

Tarsier Series

Barcode System

Ideal solution for many industries:

- Life Sciences
- Healthcare
- Packaging
- Printing
- Food & Beverage
- Manufacturing

System Overview

- User-friendly setup
- Read 1D and 2D codes
- OCR (Optical Character Recognition) with MV Model
- 100% production control
- Serialized product verification (with Tarsier DV)
- Push results to network
- Easily integrate with our product tracker
- Single or multi-reader setup
- Stainless steel option for food and pack

Integrate on Virtually any Equipment

- Conveying lines
- Packaging machinery
- Assembly lines
- Digital printing equipment
- Lab work stations

Ready-to-Install Solution

- Application-based trigger sensor
- Barcode readers
- Complete mounting bracket set
- Fully assembled control panel/enclosure
- Installation and training
- Post-sales support
